placed on the Council table in answer to Question No. 64. In the last two sentences of para 6 of that report, the Director has stated that the cases of apparent overlapping of educational effort in the South Kanara Dt. would be considered in consultation with the DEO officer and the Inspectress, and that the Deputy Director for Elementary education was also about to make a comprehensive investigation into the whole question. It is not clear what action the MLC desires the Govt. to take at present. His attention may be drawn to the last portion of the Director's report.
